New & Improved

Fits All Hand Sizes

Sterile Syringe Pack

Each Sterile Pouch Contains one, single use ergonomic professional syringe together with Barcode labels and the microchip (transponder) of your choice.

Packs are provided in Dispenser boxes of 20. Outer cartons of 5 or 10 boxes.

Bulk Needle Pack

Each Needle Pouch Contains one single use needle/canula unit together with Barcode labels and the microchip (transponder) of your choice.

Packs are provided in Dispenser boxes of 30 needles together with 3 re-usable ergonomic professional Syringe units.

Less waste and lower cost. The better solution for large practices.

Choice of 3 Sizes

Both Syringe and Bulk Needle packs are available with a choice of microchips (transponder). All including anti-migration Parylene coating.

8mm : Mini Glass FDX-B (Ø 1.4mm)

12mm : Bio Glass FDX-B (Ø 2.12mm)

NEW

12mm : Bio Polymer FDX-B (Ø 2.12mm)

All Microchips incorporate quality Swiss electronic RFID components. Made with patented direct-bonding technology, these tags deliver exceptional size to performance ratio.

SUPPLIED IN PRACTICAL AND ATTRACTIVE DISPENSER CARTONS
